Office of The Mayor
Christchurch City Council

12 May 2016

LETTER OF WELCOME FROM
MAYOR LIANNE DALZIEL, CHRISTCHURCH CITY COUNCIL

It gives me great pleasure to welcome members of the FIG International Federation of Surveyors to Christchurch in 2016.

It is an honour for our city to host such a prestigious event, and the Working Week is an opportunity to bring together a wealth of knowledge and expertise and for members of FIG to share and learn from each other.

I trust that while delegates are here, they will take some time to enjoy our hospitality and visit some of our city's attractions.

Christchurch is bouncing back from the earthquakes of 2010/2011 with renewed energy and spirit, seen across the city. The rebuild is beginning to gather pace and which means that considerable progress will have been made by the time you arrive in 2016. The Lonely Planet and New York Times say Christchurch is one of the places to visit – the energy and creativity should inspire your conference.

Once again, I wish all potential delegates a very warm welcome.

Kind regards

Lianne Dalziel
MAYOR
