Original Maps of Cadastral Survey under Franz I. 1817-1861

Contents of the archive - Questionnaire Austria

The education of the archivists	
- semiskilled surveying technicians	1
- semiskilled cartographer	2
The archive is part of the department Thematic Cadastre, head of the department is a graduated surveyor.	
Does a museum of geodesy/cadastre exist	
There is no special museum for cadastral history. The "Technisches Museum"(technical museum) in Vienna includes a small exhibition about general geodesy and surveying. The Federal Office of Metrology and Surveying keeps some essential old instruments in a depot. It is not open to the public.
