

Africa Task Force Regional Africa Workshop

Peri - Urban Settlements: Tools & Techniques for Surveyors to ensure Environmental and Social Resilience

Mombassa Beach Hotel, Kenya
11 - 12 November 2010

PROGRAMME

Key Focus: Proactive engagement and planning for infrastructure corridors in Peri - Urban Areas

Key Objective: To developing tools for land professional in Sub-Saharan Africa to enable them to act as change agents to plan for access rights to corridors such as sanitation and water in emerging informal settlements

Purpose of the Workshop

- To bring the range of stakeholder perspectives into to realm of the land professionals (traditional authorities, grassroots, government and planners), and
- To identify a set of key issues that need to be addressed by the land professionals
- To ascertain what tools would be appropriate and to prioritise and sketch an appropriate design for a tool
