

# **The French Surveyors' Youth Policy**

**Mr. Pierre Bibollet, France**

**Key words:** Curricula, Education

## **SUMMARY**

Some years ago, retiring surveyors outnumbered the incoming ones; the Ordre defined then a policy for youth, and developed tools for young students, in order to encourage them to join surveying engineering schools (universities); it has also developed guidelines to adapt training requirements to the Bologna agreement rules.

## CONTACTS

Pierre Bibollet, First Vice-President  
Ordre des Geometres Experts  
av. Hoche  
75008 Paris  
FRANCE
