Over 170 participants from over 44 countries

# The Method

1

MOOC

1 week

2

Live Workshop  
Session

3-6hours spread over  
1-2days

3

After Workshop  
Engagements

Participant defined

Affordability, inclusiveness and scalability

# Actions

“If each of us would only sweep our own doorstep, the whole World would be clean.”

- Mother Theresa

## humanitarian skills

Volunteerism, Respect,  
Curiosity, Sustainability  
and other skills

## Collaborate

projects and paper writing

## land administration skills

FFP, Tools: GLTN - STDM,  
GeoODK, Cadasta - Survey  
123, Smart land maps etc

## Showcase

Knowledge learnt and  
influence others.

# Feedbacks and Impacts

- Capacity Change:
  - Developed humanitarian skill sets
  - Developed technology skill sets necessary for tenure security
  - Participants were able to identify the various challenges of tenure security on local, regional and global levels
- Improved Quality of Service delivered by the VCS during deployments
- Participants are able to collaborate on projects based on activities engaged during and after the workshop. e.g.:
  - Corruption of Land Administration in Sub-Saharan Africa: Reports from Nigeria and Namibia (11648)
  - An Analysis of Land Demarcation Practices in Africa at the emergence of Fit-for-Purpose Approaches (11700)

# Future Engagement
